TESTIMONIALS

"I wholeheartedly believe Prentice Barbee has the unique accounting experience, exposure, and education you are seeking in your next CPA. I was skeptical of using [a] Pro. However, my reluctance to use the service was overshadowed by the fact that I was in dire need of filing my business and personal tax returns on time and correctly. Within an hour of going through the quote maker, Prentice followed up with me. We spoke for almost an hour and he had not even charged me. He wanted to make sure he had all the facts and documentation before he even gave me an honest evaluation. His time and services were worth every dollar! He was very courteous and cognizant of the urgency to file my taxes in time. As well as being correct. Prentice gave me profound confidence. His commitment to making sure I got my due diligence was reassuring. I plan on recommending my friends and family from this point on. Thank you Prentice!"

"Prentice is extremely knowledgeable in the area of tax code and laws. His ability to answer complex issues that came up suddenly, were quite impressive. He has excellent communication skills, and answers emails and phone calls as quick as lightening. I highly recommend him as a human being, and as a CPA. If it wasn't for him, it would have been necessary for us to file an extension, and continue searching for expertise that I have not been able to find locally. "

"I had a very particular tax situation that, when I tried to complete my return myself, made it look like I would owe over \$15,000. Prentice was able to prepare my return and I ended up getting \$250 back. Having him take care of my paperwork this year was invaluable and I highly recommend him. "

"Prentice is very responsive and thorough. Multiple step approach to customer satisfaction and very quick and responsive to my needs. I needed my taxes done by extension deadline. I chose Prentice within two days of deadline and he was able to do it almost the same day, only because of the holiday was I not able to file my taxes the same day. I sent electronic copies of all my documents via the confidential and secure website link.. Within a few hours after speaking over the phone and via email, I had a proof to approve and file my federal and state taxes. Prentice took the stress out of the situation and I felt confident that it was left in good hands. I am still waiting on my return, but it hasn't yet been two days. My taxes have already been e filed federally and accepted. My state taxes are e filed, but awaiting acceptance. "

"I started with a different/ local CPA who told me there was no need to amend my prior year taxes after I received the dreaded "you owe" letter from the IRS. I was referred to Mr. Barbee and I am so happy I found him! He did recommend that I amend and he was able to lower my cost by \$1000 that I owed the IRS! Pure Genius! He is now my personal CPA and I look forward to a long lasting relationship for many years to come. YAY!!! "

"The past 6 yrs, I've filed my taxes with H&R Block. Each yr, I've noticed my returns were getting smaller. This yr, due to an unforeseen circumstance, I knew that I was going to owe; the question was, how much? After all my information was entered with H&R Block, I was shown the amount I would owe. This blew my mind. Right then, I told H&R Block that I wasn't satisfied, and that I was going to try [a different] CPA. Needlessly to say, I'm writing this review because I had an awesome experience with my CPA. He listened to me and worked diligently on my taxes. He kept me up to speed and responded to all my questions promptly. He found me every tax break that I would qualify for. The amount that I was going to have to pay while working with H&R Block has been decreased drastically, and my refund has increased hugely; thanks to my CPA's knowledge base!!! I look forward to working with Mr. Barbee again next year. Thanks so much! "

"Mr. Barbee was a tremendous help. I wasn't aware of all the compliance necessary for a not-for-profit organization. Mr. Barbee was able to explain the purpose of the federal (990) and Illinois compliance reports. Because our not-for-profit is small (less than \$5,000 in revenues) Mr. Barbee took ownership of the reports and prepared each report for free. He has been a tremendous asset and going forward I feel confident that our staff will be able to prepare the reports in the future. I feel honored to be able to give back to his business given how much support he has given our business. I would recommend his tax services to all and plan to utilize his services in the future. "

""Prentice helped me with several tax questions for free. He helped me with the application of the same-sex marriage rules, deeds-in lieu of foreclosure, and 401K withdrawal penalty. He responded to my questions clearly and professionally. I look forward to doing business with Prentice in the future.""

"I received a letter in the mail from the IRS billing me for a sum of money from a previous creditor from several years ago. The IRS wanted to collect funds from me for this debt called cancellation of a debt, the company that I owned a debt submitted documents to the IRS increasing my taxable income for that particular year which left me with tax and interest owed to the IRS. I contacted Mr. Barbee and I told him about my situation and he said he would be glad to help me. The only thing he asked me to do was get him a list of documents that he needed to protest the notice from IRS and he did everything else. He handled the situation in a very professional and confidential manner. The quality of his service was phenomenal; he had excellent strategies for dealing with the IRS. He was very knowledgeable about the in's and out's about the tax profession, he is confident about his work and I am and will use him again for tax services. Thank you "

"Prentice is so helpful. He assisted me with a notice from the IRS. The situation was complicated because I had a house with my ex and even though I was paying the mortgage my ex was receiving the interest deduction. Prentice made me feel very comfortable about the situation and resolved the notice timely. I would definitely recommend his services."
